February 2019 Snow News & Minutes

Presidents Corner

We have the snow and the groomers have really been busy grooming our trails. With all of the snow we got on Monday the trails should really be great this weekend.

The overnight ride is on and the final details are in this letter. Let's hope that the weather man makes it a great weekend for riding.

Last year in place of the overnight ride we had a club ride for the day. We are going to do that again this year. We will have a very short meeting at Brad's Walter's II on White Potato Lake at 9:00 am and take off from there. So fire up those sleds and meet us at Brad's on Saturday 9th at 9:00.

In Oconto County there are 421 miles of State Funded Trails. Of the 421 miles your club makes up 68 of those miles. Boy we sure have come a long way from our first trail system of 8 miles one sled wide from Kelly Lake to Klondike and back. A big thank you to all of the active and past members who worked so hard to establish our trail system.

Roy Lawrenz
President

It is time to have fun snowmobiling but please drive safely.

Club Overnight Ride

For me this is really a fun event and the ride is on. Again this year it will be this coming Super Bowl Weekend. You may ask why Super Bowl Weekend? Not many people on the trails and past experience the trails are really groomed good.

Rhineland Wisconsin that is our destination and we will be staying at the Quality Inn. For the new members we all meet in the middle of Lee Lake on Saturday morning with a departure time of 8:30 in the morning. Tom Stadler our Senior Trail Boss is our leader. He always really does a great job of mapping out the trails we will be riding on. Our goal is to make the Saturday ride a little longer so we have an arrival time of about 5:00 to the Hotel. We get a private room for us to meet in and the supper is snacks and Pizza, beer, wine, and soda. Bring your swim suits and enjoy the pool and hot tub.

We will enjoy a very nice centennial breakfast as part of your room cost. We will be departing the Hotel at 8:30 am in the morning and find a quick way home so we are back to Lee Lake by around 2:00 leaving us plenty of time to enjoy the Super Bowl.

Room registrations have been made but if you call me by Thursday night I think we can find a room for you if you want to ride.
Call me at 920-897-2499.

Club Meeting - Work Weekend

Location:

Club Storage Building, Lee Lake, WI. –

Time 9:00 am

**This bad Boy has really been busy
the past two weeks.**

January 5, 2019 Member Minutes

The meeting was called to order by club president Roy Lawrenz at G-3 Up North at 9:00 a.m. Nineteen members were present.

First Order of Business:

Secretary Report – A motion to approve the report was made by Hubert Wiedemeier and second by Linda Holtger. Motion approved.

Treasurer Report – Income and Expenses were discussed. A motion to approve the report was made by Adam Krause and second by Bob Peters. Motion approved.

Old Business

Club Logo/Merchandise - Adam Krause presented the members with ideas for the new club logo. Clothing could be ordered with either a print or an embroidered design. There is an approximate 2-week turn around for merchandise once an order is placed. \$70.00 was spent in design time. There is an additional \$250.00 set up fee. Adam will draft an order sheet. A motion to approve this moving forward was made by Gary Newbauer and second by Jon Lawrenz.

New Business

Members expressed appreciation to Adam Krause for his work keeping the club Facebook page updated. Adam informed members the site now has more than 300 followers.

Tom Stadler reported on news from the December Oconto County Snowmobile Alliance Meeting. Tom is on the committee looking at new trail maps. New maps may be color coded by club. Updates to the map will include information that will assist the rescue squad. It is likely fewer maps will be printed as maps are being discarded as riders as using their phones. The Langlade County bridge project is moving forward. The new bridge will provide a much safer way for sports enthusiasts to cross. Counties are getting pressure to open up the Nicolet trail (railroad grade) from

Townsend to Suring for ATV's. The idea is to open the trail up for a short period after hunting season.

The Snowmobile Automated Reporting System (SNARS) pricing sheet was shared. The pricing sheet lists equipment that qualifies when logging equipment used when working the trails.

There was a discussion on the contract the club has for the groomer.

Registration for the overnight club ride was discussed. The club will ride to the Rhinelander area on Super Bowl weekend. Thirteen people have signed up. Please contact Roy if you are interested in participating.

Two new tires have been purchased for the brush cutter at a cost of \$70.00 per tire. The newer tires are heavier and replacing the old tires that kept being punctured.

A second order for trail signs needs to be placed in two weeks. Let Tom Stadler know if you need any new trail signs.

Trail Reports:

The Suring trail goes around the golf course, not through it.

Culverts were replaced on the trail from Lee Lake Road to Parkway Road.

The trail was changed off Old 64 Road, as the trail has not frozen. The alternate route uses the existing ATV trail. The trail has been marked so you can go both directions. It is recommended to use the alternate route until the trail freezes.

Adjournment: A motion was made by Linda Holtger and second by Joe Reba.
